

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Keep out of treated area until spray has dried.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Contact 1-800-222-1222 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, aquatic invertebrates, oyster and shrimp. Drift and runoff may be hazardous to aquatic organisms in waters adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid runoff to water bodies or drainage systems.

STORAGE AND DISPOSAL

STORAGE: Store only in original container, in a dry place inaccessible to children and pets.

DISPOSAL:

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY

To the extent allowable by state law, buyer's guarantee limited to label claims.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR RESIDENTIAL USE ONLY

Hot Pepper Wax Animal Repellent repels rabbits and tree squirrels

USES: Hot Pepper Wax Animal Repellent repels rabbits and tree squirrels from fruit and vegetable plants, indoor/outdoor ornamentals, and grasses. Avoid use on Variegated African Violets, Sweet Basil, Parsley, Dicentra eximia, and fruit trees when in the pink bud stage until after the petals fall.

MIXING: Shake this product thoroughly before combining with water.

RATE: Mix Hot Pepper Wax Animal Repellent with water at the rate of 1 part this product to 16 parts water (8 fl. oz. product to 1 gallon water).

APPLICATION: Apply this product using spray equipment as a foliar spray to the leaves, stems, fruits, and flowers of the plant until wet but not dripping. Good coverage of all portions of the plant is essential for repellency. Do not drench roots in soil or media. Do not apply this product through any type of irrigation system.

Do not apply when rain is expected within 24 hours. During hot and humid weather, spray plants in the evening. Avoid use when plants are stressed by drought. Discontinue use if burning occurs.

FREQUENCY: Frequency of application depends on the rate of plant growth and occurrence of feeding by the animals. For best results, keep new growth covered. If feeding occurs, reapply this product as soon as possible. Once feeding is under control maintain repellency by re-spraying every 7 to 14 days.
