## Ready To Use HOT PEPPER WAX INSECT REPELLENT

### PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals.** CAUTION: Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

#### FIRST AID

IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
-------------	---

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Contact 1-800-222-1222 for emergency medical treatment information.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish, aquatic invertebrates, oyster and shrimp. Drift and runoff may be hazardous to aquatic organisms in waters adjacent to treated areas. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Hot Pepper Wax repels Aphids, Cabbage Loopers, Beet Army Worms, Spider Mites, and Whiteflies.

**USES:** Use Hot Pepper Wax Ready To Use to repel insects from fruit and vegetable plants, indoor/outdoor ornamentals, and grasses. Avoid use on Variegated African Violets, Sweet Basil, Parsley, Dientra eximia, and fruit trees when in the pink bud stage until after the petals fall. **MIXING:** Shake well before use. **APPLICATION:** Apply Hot Pepper Wax Ready To Use as a foliar spray to the leaves, stems, fruits, and flowers of the plant until wet but not dripping. Good coverage of all portions of the plant will enhance repellency. Do not drench roots in soil or media.

Do not apply when rain is expected within 24 hours. During hot and humid weather, spray plants in the evening. Avoid use when plants are stressed by drought. Discontinue use if burning occurs. **FREQUENCY:** For best results, keep new growth coated. In general, the repellency of Hot Pepper Wax Ready To Use is most effective on existing growth when applied every 7 to 14 days. However, more frequent application of up to every 3 days is appropriate when infestation is heavy. Use increased frequency only until pest numbers begin to decrease.

**HOME GREENHOUSES:** Repeated use of this product on sensitive plants has been reported to cause burning of leaves. Avoid use of this product if greenhouse temperature will exceed 85°F before the product has dried. For best results, ensure that spray contacts all foliage surfaces.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

**STORAGE:** Store only in original container, in a dry place inaccessible to children and pets.

**DISPOSAL: If empty:** Do not reuse this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Never place unused product down any indoor or outdoor drain.

**WARRANTY.** To the extent allowable by state law, buyer's guarantee limited to label claims.
